R. R. R. Radway's Ready Relief REMEDIES have been before the public so long, have performed so many miraculous cares. have restored so many thousands of weak, feeble and dying tuvalids to robust health, have protected whole neighborhoods from sudden attacks of raging pesitience, have been tested and tried with the most astonishing success in the most difficult cases that Hospital Fractice and tha prevalepea of Yellow Fever, Billious Fever, Spotted Fever, Typhus Fever, Pheumonia, Cholera, and all other manignant disorders could furnish, and that, too, by the most celebrated Physicians and Medical Writers in this country, among whom we may mention the names of Page, Stone, Gillen, Francis, Lambert, Griffen, Hopkims, and many others well known to the people, and have restured back to lif, persons who were dying, and had been given up by all the doctors of merit in the places where they lived, that we deem a short reference to each of the Threa Sumple Remidies we use in the R. R. R. Fractice sufficient to warrant the sick, the alling and the diseased to give these life saving and Ready Remedies a fair trial.

Radway's Ready Relief, for all purposes where the body is seized with pain—whether it be of a simple character. or the most thorturing paraxisms, whether it be Toothache or Cholera; whether Headache or Spasme and Cramps: whether aches or pains in the bone or joints, shoulders or back, or the more terrible spasms of Neuraiga; whether in the bowels or joints, head, back or comach, Radway's Ready Relief will in a few minutes restore the most terribly affected to cake and comfort. 11.

Radway's Renovating Resolvent is for the cure of all Chronic and old established diseases; of Humours, Skin Diseases, Scrofula, Bronchitis, Bad Coughs, Dyspepsia, Syphilis, Sores, Ucicers, Tumora, Modes, Swellings.—Radway's Renovating Resolvent has cured the most rightfully afflicted objects, who were covered from head to toot with Bods, Sores and Ulcers—Even when the humou body was so ir shifully mutilated by the lava of disease as to render in necessary that the leper shoolid be banished from the presence of society, and be kept in separate apartments, as the havoc which disease had made in the human body was so disgusting as to shock and sicken the senses of the most nutmate thench. Kadway's Renovating Resolvent has given to such objects new and healthy bodies, and filled the veins with a fresh, pure and stream of blood.

Pure and stream of blood.

RADWAY'S REGULATORS.—The discovery of this las freat remedy establishes in medicine entirely naw principles, which medical writers and sages have for years in vain sought to discover. In Radway's Regulators we give to the world a cathartic, purganc, aperient, duretic, diaphoretic, and above all a Regulator of the whole Human Body.

A pill tuat, while it purges from the body the refuse deposits, it heals all sores, tileers, or irritations in the bow vis or mucuons membranes. Renewed strength follows each operation, and sores, tileers, or irritations in the bow vis or mucuons membranes. Renewed strength of the position of the patient growing weaker by their evacuations, as is the result that follows all drastic pilis, very part and issue of the body strengthened by their bealing, cleansing and regulating efficacy. The new of Mercenty and the sore of Lauway's Regulators will dispense entirely with the serior learned from the new of Mercenty will be serior to the Human Race, in sudden at facks of Yellow Pever, Typhus Fever, Scalet Fever, Congested, Bilhous, Remittent and intermittent Fevers—in Cholea, Dysentery, add all other infectious and malignant madries, Radway's Regulators are just the remedy required in those malignant cases. They heal all sores and ulcert, either in the bowels or in the coast of the stomach event (the whole intestines were raw and ulcer ous along the whole length of the bowels, they will not irritate or occasion any pain; they expel quickly all potsonous and ulcertous deposits, and will, as soon as diesolved in the stemach, withdraw the congested and accumulated humons from the meteric surface of the bowels, and expel all such humors entirely from the system.

Another great influence they evert upon the system. Another great influence they exert upon the system. Another great influence they exert upon the system is their regulating powers. No matter whether it be MAN or WOMAN, whose system may be out or order, whose organs are irregular in the natural performance of their everal duties, a dose or two of kadway's Regulatore will quickly cure all irregularities, and force a pleasant and natural evacuation from the bowels at a regular hour, each and every day. To ladies whose monthly turns are not regular, a dose or two of Radway's Regulators and Ready kellef will silways insure their regular discharge at the proper time.

FEVER AND AGUE CURED. FEVER AND AGUE CURED.

Pierson Money, Esq., of Carrotton, Miss, owns two large plantations and works overone hundred negroes on the bottom lands of Mississippy—a section of the country as celebrate for Fever and Ague as the river Styx in ancient mythology was dreaded as a place intested with evil spirits. Whita the negroes of other planters are shaxing to pieces with ague, Pierson Money's "dar kies" are fat, licarty and happy, at work, singing with joy their songs and glees, for they feel sate from all diseases as long as they have Radway's Ready Relief to guard them. Not one hour's work has been less on Mr. Money's plantation by sickness since he began the use of them. Not one hour's work has heen lost on Mr. Mo ney's plantation by sickness since he began the use of Radway's Ready Relief and Regulators among his ne groes. SATURDAY

..:OCTOBER 4, 1856 STATE ELECTION IN INDIANA. - Our opinion is frequently asked by our American friends in In-diana as to the course they ought to take in their October election. They have better means, and are no doubt better able, to form a just opinion upon the subject than we are. Nevertheless, we do no hesitate to assert our very strong belief, that, to promote the great national cause which they and we have alike at heart, they should, with their whole hearts, support Mr. Morton against Mr. Willard for the office of Governor.

Journal of yesterday. We do not suppose that any man who has observed the indecent rapidity with which the Fillmore party has thrown off the mask which hid its abolition propensities will be much serprised at ites) of Pennsylvania, with a view to deteat the seeing this authoritative announcement of its sympathy with the Fremont party. It has been eympathy with the Fremont party. It has been the 4th of November. The following are said to be the terms of the compact: the Kentucky Know-Nothings ardently idesired the triumph of the Black Republicans in the North, and secretly rejoiced over every defeat of the party of the Constitution and the Union. But the first instance, it is agreed that the Fremonters and Fllmoreites and all combine to elect the Know Nothing candidate for Canal Commissioner and the other officers to be chosen by the State, as also the Congressmen in the districts where the Fillmoreites are strongest and vice nouncement of their sympathy and co-operation. Appearing, as it does, in the recognized organ

name let them rebuke it, if they have any regard efender of your equality. Morton is your enemy; he maligns and defames your institutions; he denies your equality in the confederacy. Willard is the candidate of a party which says that it is for the Presidency.

"It remains to be seen whether the voters of the duty of the Federal Congress to admit new States with or without slavery as the people may themselves determine. The convention parties, for their own selfish purposes, may that nominated Morton declared that 'no slave States chall be admitted into the Union, and Morton, himself, declares that he would rather see the Ohio river red with blood, than another slave State admitted into the Union. Willard supports with all the energy and eloquence of his gifted nature, Buchanan and Breckinridge and the constitutional platform upon which they stand. Morton is the supporter of Fremont and Davton. He was a delegate to the abolition convention beld in Pittsburg last Feburary; a convention of which Greely, Giddings and George W. Julian, were the leading spirits. He was one of the committee that prepared and reported the abolition resolutions passed by that convention, one of which resolutions called the Philadelphia

This was also declined, and the fact thus demonstrated that however much the Know Nothing leaders of Louisville desire the election of the Abolitionist Morton, they have not the nerve to Abounding in solid argument and flowing beauing leaders of Louisville desire the election of the

The Commonwealth and other Know Nothings are publishing references to the 'Bull' of Pope Gregory XVI on the subject of the slave trad, and are attempting to falsify its meaning. Eon. John H. Bryan. We all know that these centlemen were active co-operators with the know Nothings last summer. Gov. Morehead presided at the Guilford Know Nothing mass meeting; Gov. Yet these gentlemen went to Baltimore as white to light meeting in Wilmington in April last. Yet for his military services, and gives Know Nothingiem sore eyes to look at it. nominate Mr. Fillmore. It was a Know Nothing triel: from first to last. What party do you belong to, Gov. Morehend, Gov. Graham, Mr. Bryan? Why, some people (the Know Nothings) say our party is dead, but we think not; we call ourselves Whigs, but we vote with the Know Nothings. What transparent humbug-

FRAUD AND CORRUPTION .- It turns out that the Abolition victory in Maine was brought about by illegal voting. It is quite impossible that in a stationary State, where the population does not increase by immigra in to any very great extent, that the legal very could not gain twenty-five per cent. in four years. The late election, if no fraud was practised would show that there is one voter to four and a balf of the population. one voter to four and a half of the population, which cannot be. The Democrats polled more votes this year than they did a constant of 1852, when the whole of another parties was brought ont-Pierce then received eight thousand majority, yet now onr party is in a minority of over twenty thousand. Gross in-

he water works.-Know Nothing-ism Again Showing Jiself.

We see that the Board of Directors failed to elect a President on Monday last. There is a good deal of talk on the street on this subject, and the people begin to suspect that there is some cheating going on around the Water Works Board. We have heard Capt. Coleman named as the most suitable person for the Presidency, and believe the selection would give general satisfaction; but he refuses to serve accept the board will accede to certain arrangements which he deems essential to the success of the enterprise. This they decline doing.

Another gentleman in the board would serve, and he is well qualified for the place; but he is a successful mechanic, and a skilful machinist. He is not a LAWYER, and not a KNOW NOTH ING-consequently he is out of the ring.

This is just the way we may expect the people's usiness to be trifled with while they permit Know Nothing lodges to manage their affairs, instead of managing them themselves.

From the very first we suspected that these Water Works would be a sort of nest-egg for places : Know Nothing hungry officials to set npon, and for this reason we at first opposed the city subscription. But we desired to see something done for the prosperity of the city, and in the past election we gave the project our support. We yet hope for the best; but when we see a Know Nothing Council elect their own members as Directors, and these directors fishing for the presidency, we feel bound as public journalists to put the people on their guard. The citizens of Lonisville did not enbecribe half a million dollars to be equandered uselessly, or to furnish snng places for Know Nothing aspirants. ,

INTERESTING DISCLOSURES.

"THE PENNSYLVANIA BARGAIN.-We believe that there can no longer be any doubt as to the combination between the Black Republicans (Fremonters) and the Know Nothings (Fillmore-Democracy, both at the State election of the 14th of October and at the Presidential election of

this is the first time we have seen the public anversa where the Black Republicans are strongest If the result of the vote at the State election justifies the measure, it is then proposed to run a of the party, it may safely be assumed to be the double electoral ticket against Mr. Buchanan, of the party, it may safely be assumed to be the centiment of the mass of the party. Willsrd is fremont in case he gets in the other States more your friend, the champion of your rights, the your friend, the champion of your rights, the lectoral votes than Fillmore. The Know Nothings may have the State officers, with their parameters of your couplity. Morton is your enemy: tronage and emolument, provided, as a reward for this act of liberality on the part of Fremont-ters, they support the Black Republican candidate

the old Keystone State will allow themselves to be driven wherever the wire-pullers of these two

oose to draw them." We extract the above from that reliable and excellent journal, the New York Journal of Commerce, which is doing most excellent service for the Union cause in this contest. We have every reason to helieve its statements true. Although we are within a month of the election, no Fremont electoral ticket has been brought out in Pennsylvania, and no steps have been taken to form one. The Buchanan and Fillmore men have each their candidate in the field. That there is some scheme of corruption and fraud at the bottom of this rafusal to bring out an electoral ticket by the Fremonters no one can doubt. We are gatisfied that no trade or arrangement of corrupt politicians can take the old Keystone State from Jas. convention by which Fremont was nominated. Buchanan, and that he will get its electoral vote

Baldwin, of Mississippi, in which he gives his reasons for not supporting the Donelson Know Nothing ticket. Mr. Baldwin is a leading politician, an able lawyer, and a man of unbending integrity. He is now a member of the Miss. Legislature and has been since his election an acknowledged leader of his party in that body and in the State. His defection will prove a terrible

blow to their dying fortunes In the South:

Houston, Miss., Ang. 20th 1856. Messrs. Editors :- The notice you were pleas ed to take of me, in the last No. of your paper, drives me to the disagreeable necessity of defin-ing my position in the present canvass—disagreeble, not because I desire to conceal and political sentiment I may entertain, but exceedingly disagreeable to me, from the notoriety and undue importance attached to my action. My opinions in relation to the principles of the old Whig and f ties. There are three candidates presented for the Presidency. Mr. Fillmore a statesman, who has proved himself true to the South; Mr. Buchanan, a conservative eDmocrat, who stands on a sound platform, and who could not betray the South, without infamy and disgrace. They are both sound, true, national men. But, for my argument, I need not contend that they are equally sound, equally true; but only, as every one must admit, that either of them is preferable to an admit, that either of them is preferable to an avowed abolitionist. The third candidate is a wild and unprincipled adventurer, known only for his expedition over the Rocky Mountains, and reckless speculation in California lands. A pliant tool in the hands of the band of fanatics, whose sole object is our destruction. The effect of his election will be to place the now almost unlimited patronage of the federal government most ably revive d and the speaker throughout received the most marked attention,

Diener having Leen served. Tom McCreery government itself into an abolition society. The dissolution of the Union, and all the horrors of civil war, would be the necessary consequence. That party now has a majority in the House of Representatives, and is supposed to have a large majority of the people of the free States enlisted under its bloody banner. Give it the influence of the national government, and its entire suc-cess is beyond a doubt. Fanaticism will have accomplished its object, and the American Republic will exist no louger. Liberty and peace, prosperity and happiness will cause to exist in onr beloved land; anarchy and oppression, pe-

cuniary ruin and misery, both national and in dividual, will reign in their stead. The question, then, must be, how shall Fre-mont be defeated? The free-soilers are united, zealous, active, as fanatics ever are. We are divided, and whilst numeusured abuse is being unjustly heaped upon the heads of either southern candidates for the Presidency, no shot is fired at the common enemy. By the election of either "illmore a Parket and the common enemy." either Fillmore or Buchanan we are safe. Every electoral vote given for the weaker of the two is one

half vote for the Aboltionist.

The question with me is, one of strength The contest is not between Messrs. Buchanan and The contest is not between Messrs. Buchanan and Fillmore, but between one of these gratlemen and Fremont. Which is the available man? Which can defeat the Black Republicans? To accomplish this great object, I think that every Southern man should be willing to sacrifice all party feeling, to throw aside every prejudice, and regard more the preservation of the Constitutional rights of the South, than the welfare of this party. I am driven against every wish Lis party. I am driven, against every wish, every desire, to the conclusion that the nominee of the Demoratic party alone can defeat Mr. Fremont, The patronage of the Federal Gov-ernment is in its favor; it has an organization in in every free State; and it has ten thousand el-ements of ancoess which the American party does not possess—disorganized as it now is and corrupted by the prostitution of its correct prin-ciples in the free States, to the vile purposes of the Abolitionists. Therefore, believing as I do, that the question is purely a sectional one—that the South should be united for self-preservatiou -that Mr. Fillmore has no chance of successthat Mr. Buchanan has; Whig and American though I have been, I feel compelled to vote for the only man who can defeat the nominee of the Black Republicans, James Buchanan, of Penn-

sylvania.

To the American party of Chickasaw, I beg leave to any, that should they disent from the views above expressed, that I shall sincerely regret the difference; and assure them, that as the seat in the House of Representatives, which I now hold, was bestowed by them before the present issue was sprung, that they have only to intimate a desire that I should vacate it, and I will cheerfully reaign the position, that they I will cheerfully resign the position, that they may have the opportunity of selecting some one to represent them, who fully concurs with them on the issue of the hour,

A new edition of the People's Pamphlet, giv-ing the rise and progress and wonderful cures of Perry Davis' Vegetable Pain Killer, from 1840 of Perry Davis' Vegetable Pain Allier, from 1840 to the present time, given gratis by the agents o this valuable medicine. It is richly worth a perusal. This unparralleled preparation is receiving more testimonals of its wonderful efficacy in removing pains, than any other medicine ever offered to the public. And these testimonals come not alone from the ignorant, but from perpersons of every degree of intelligence, and every tank of life. Physicians of the first resmetability ank of life. Physiciaus of the first respectability and perfectly conversant with the nature of diseases and remedies, have recommended this as one of the most effectual in their line of prepar-

one of the most effectual in their line of preparations for the extinction of pain.

As an internal remedy the Pain Killer has no equal. It will cure Cholers, Cholic, Summet Complaint, Dysontary, Dyspepsia, Asthama, Rheumatism, &c., by taking it internally and hathing with it freely. It is the best liniment in America. Its action is like magic, when artery and scalds, either on man or beast. For sick head-ache and tooth-ache, don't fail to try it.—

The sales up to last even-ing, as far as made public, were barely 100 hbds.

The Russellville (Ky.) Herald, of Tuesday, Fully two-thirds of the crop of Logan must have been destroyed on those nights. The loss to our farmers is immense. Even some of our largest and best planters lost their entire crops. From accounts in our Kentucky exchanges the loss has en heavy throughout the State. From newspaper accounts, the destruction seems to have prevailed to a considerable extent in most of the Tobacco-growing States of the Union; in consenence of which the price of the weed has adranced in all sections. Mr. McClure, of Clarksille, writes us that Tobacco had advanced at that point last week from \$1 50 to \$2 00 on the hundred pounds."

00-This week the Mechenics' Fair commences, and udging from present appearance there will be a grand exhibition. No one should fail to paironize an institution of pence. There will be a great many strangers in the city inquiring for Troxel's Ambrotpye establishment, wher so meny handsome pictures ere being made for one dol lar, and upwards. To those and all our friends we would say this is the only establishment where the genuine Am-brotype is made; and where eight different stlye pictures can be had. Something entirely new will in a few days be offered to the public surpassing every thing in the picture line. The rooms are on Main street, between So and Third, over House Line Telegraph Office.

A Good Investment .- A company of enterprising men are about starting a new business in this city, which it is supposed will very greatly enhance the value of real estate and railroad stock in this and the neighboring States. This establishment will give employment to a great number of hands, and an immense amount of capital, (variously estimated at from \$1 to \$15.) The principal articles mannfactured will consist of woolly horses, mermaids, live elephants stuffed with straw. Samples of their own mark-obtained from other establishments-can be seen free gratis for nothing. The whole will be under the charge of Petite Barnum, the prodigy, and William Blowhard, Esq., who have erected a wind-mill on Main, between Second and Third streets, not far from the telegraph office. This locallty has been chosen as peculiarly adapted on account of the concentration of magnetic in fluence, which enables the proprietors to exercise arrite. human passions in a cycological manner, thereby making the subject believe the moon is made of green cheese, with a rat-bole through the center, enabling the observer to look through far into futurity, where a gnat is looking through a mag nifying glass, trying to find the soul of the little man who says that Webster's Sphereotypes are when everybody knows that three out of four of the latter style of picture turn black or spot in a very short time.

PHILADELPHIA, March 16, 1963.

Doctor James Williams:—For several years past, I have been liable to stacks of Dyspepsia; but never have I heen more distressingly afflicted with its symptoms, than within the last few weeks. Indigestion, nervous irritability, despondency, a sense of weight in the stomach, and severe pains in the left side, rendering me, for the time being, truly wretched. Fortunately, I was recommended by a friend to try your Flairi. I did so, and in less than two weeks, indigestion ceased; pain and nervous depression left me, and appetite, with mental and bodily health, were fully restored. To me the cure seemed almost mi raeulous, and my object in writing to you 19—a hope that other persons suffering the miseries of Dyspepsia will avail themselves of your efficient remedy.

Lant, dear sir, yours truly.
